She was crossing the road while it was getting dark. The truck skidded and hit her left side knocking her to the ground. The driver stopped and was shook up. Those involved exchanged names and phone numbers. She was immediately taken by her husband to the hospital and examined. She was sore and may have had a hairline fracture in her elbow.

12-4-08 At around 10:00pm a non-member forced his way into the front gate by threatening the gate staff and claiming an emergency. Security followed the individual and Hood County Sheriff's Office was called. The individual is being charged with assault and criminal trespass.

It turned out he was inhaling the Freon. Hood County Sheriff's Office was called and the individual ended up going to the hospital due to the effects of the inhalant. While working in the Inverness area, farm workers uncovered a stash of illegal drug paraphernalia and turned it into the Security Office. Security immediately called Hood County Sheriff's Office who came and picked up the items.
