2-9-09 At 9:45am a member in the Buena Vista area reported about 35 cows had crossed the river onto Pecan property and were headed towards the golf course. Hood County Sheriff's Office was contacted and the cattle went back across the river without incident. At 3:00pm a member dove into the cold water at the marina to catch another member's boat that was drifting away. He swam after the boat a short distance but was suddenly overcome and called for help. He quickly went under. Two individuals jumped in to help him but the water was too cold and they could not get to him. 911 was called and EMS was on the scene in less than 5 minutes but there was little they could do to locate and rescue him. He drowned and his body was recovered the next day.
