III. RESTRICTIONS, COVENANTS AND RESERVATIONS

A. USE OF LAND

1. **Residential use only.** Any lot may be used for residential purposes, but no building shall be erected, altered, or permitted to remain on any lot other than one detached single family dwelling with a private garage, appropriate outbuildings as approved under Paragraph III B.1 (Approval of plans) and III A.4. (Storage) below, and one servants' and/or guest house for use of bona fide servants and/or guests. No soil or trees shall be removed for any commercial use.

2. **Agricultural use.** The lot may be used for agricultural or horticultural activities, which would include, but not be limited to, production of pecans, hay, and gardening. Pecan trees may be removed by the Owner as needed for establishment of other agricultural or horticultural use, however, the Owner shall maintain a ratio of total pecan trees on his property of 8 trees per acre unless approved by the Association. For instance a 4 acre tract shall maintain at least 32 pecan trees on the premises. However no commercial activity shall occur on the lot which does not conform to the rules and regulations of Pecan Plantation Owners Association.

3. **Temporary Structures.** No structure of a temporary character, trailer, mobile or movable home, basement, tent, shack, garage, or other outbuilding shall be used on any lot at any time as a residence, either temporarily or permanently.

4. **Storage.** No lot shall be used for temporary or permanent storage of equipment, material or vehicles except such as may be used in direct connection with the use or enjoyment of any lot as residential property. No tank for the storage of any fluid, gasoline, or chemicals may be constructed or maintained on any lot above the surface thereof, except as provided in B.12. (Gas). Recreational vehicles such as motor homes, travel trailers, boats and other similar vehicles over 15 feet in length shall not be stored on resident's property for periods longer than three days, or they shall be completely screened from view from the street.

5. **Animals.** No animals, livestock, or poultry of any kind shall be raised, bred, boarded or kept on any lot excepting (a) dogs or cats, or other household pets not kept for commercial purposes, and which are confined to the Owner's lot by a leash, fencing or otherwise, and (b) horses not kept for commercial purposes, and which are confined to the Owner's lot by adequate fencing. No other animals shall be kept on these lots unless approved by Pecan Plantation Owner's Association. Barbed wire fencing shall not be allowed. Owners may build separate facilities for housing and sheltering their animals according to the terms and conditions of Paragraph III.B.1 Approval of plans. However, such facilities may not be constructed before the construction of a residence, nor may animals be kept or pastured on the property until the Owner moves into his or her residence unless approved by the Association, and the Owner has a permanent residence within Pecan Plantation. The number of horses of breeding age allowed to be kept on the property shall not exceed 2 for lots that are less than 5 acres in area, and shall not exceed 4 for lots of 5 acres or more. The number of horses under breeding age shall be limited to 2 for lots that are less than 5 acres, and limited to 3 for lots of 5 acres or more. All facilities for horses and pets must be kept clean and neat, and accumulated waste materials must be disposed of regularly. Owners shall be solely responsible for protecting their horses and pets from predators. Owners shall be responsible for damage to other property caused by their horses or pets.

6. **Firearms.** Use of firearms on any part of the property is prohibited except in areas that may be designated for such purpose by the Association.

7. **Nuisances.** No noxious, offensive, dangerous or noisy activity shall be conducted on any lot, nor shall anything be done thereon which may be or become

a nuisance to the neighborhood in which said lot is located. Lots shall be kept clean and free of trash, garbage, and debris, and fires shall be contained in a safe enclosure. No Grass or weeds shall be allowed to grow to a height which is unsightly in the opinion of Dedicator or the Association. Dedicator or the Association shall have the right, after seven days' written notice to the Owner of a lot, to remove from such lot accumulated trash, garbage or debris and to cut and remove unsightly grass and weeds and to charge the lot Owner for all reasonable costs thereby incurred.

8. **Towers and Wires.** No radio or television towers or aerial wires shall be maintained (a) over any part of any lot, not occupied by a structure, or (b) at a height of more than thirty feet from the ground.

9. **Drilling and excavation.** No oil drilling, development, refining, quarrying or mining operation shall be permitted upon or in any lot. No sand, gravel or earth shall at any time be excavated or dug out of any lot, except for the purpose of laying the foundation of a residence thereon, erecting such residence, or improving the gardens or grounds thereof, or for construction of a water retention tank or pond. No mineral rights are conveyed by Dedicator to Owner. A non-drilling agreement shall be recorded in the Deed Records of Hood County, Texas, providing that Dedicator, its successors and assigns and the owners of all Oil, Gas and other minerals shall not conduct any drilling or exploration for oil, gas or other minerals on the Property. Such limitation however shall not prevent the draining of oil, gas or other minerals from underneath the Property.

10. **Water Wells.** No water wells shall be drilled upon any lot so long as water for domestic use shall otherwise be available to the Owners of said lots, but nothing herein shall be construed to prohibit Dedicator or its assignees or nominee from drilling and equipping a well or wells on any property located in or near the subdivision for the purpose of supplying water to the Owners of any lots.

11. **Advertising Signs.** All advertising signs are prohibited without written consent of the Association.

12. **Electrical Service Lines.** All electrical service lines (being the line from the distribution line to the residence) shall be installed underground.

13. **Fencing.** Fencing on all lot lines adjacent to a riding trail easement must be 15 ft. behind the lot line so that the riding trail easements are outside the fence. All front lot line fencing must be of pipe, wood, or other material other than wire as approved by Pecan Plantation Owners Association. Side and rear fencing shall not consist of barbed wire.

B. CONSTRUCTION OF IMPROVEMENTS

1. **Approval of plans.** No building, fence, or structure of any kind shall be erected or altered on any lot until the plans therefore, including suitability of materials and design, specifications, plot-plan, and compatibility with surrounding lots have been approved in writing by Association, which right of approval may be transferred to an architectural committee of the Association and shall not be unreasonably withheld. In the event of disapproval of any such plans, specifications, materials, designs or plot-plans, notice of such disapproval shall be by delivery in person, or by registered or certified letter addressed to the party submitting the same at an address which must be supplied with the submission. Any such notice may set forth the elements disapproved and the reason therefor, but need not contain suggestions as to methods to cure any matters disapproved. The judgment of the Association or its assigns in this respect and the exercise of its discretion shall be final and conclusive. If notice of disapproval of said plans, specifications, materials or plot-plans is not given within 30 days after same have been submitted, it will be conclusively presumed that same have been approved.

2. **Floor area.** There shall not be erected or permitted to remain on any lot a residence having a floor area (when measured to exterior walls and exclusive of attached garage, open porches, hangers, patios or other similar appendages) of

less than the minimum number of square feet as set out for the respective lots as follows:

Lots	Minimum Square feet
All lots in PECAN ESTATES ADDITION NO. 2	2,200

3. **Exterior walls.** At least 60% of the exterior wall surface of any residence shall be constructed of stone, masonry, veneer, stucco, or glass building materials commonly used, unless written exception to such requirement is given by Association or by its' architectural committee.

4. **Building lines.** No building or structure of any kind shall be located on any lot within the building set back lines as designated on the plat, except upon prior approval of the Dedicator. Dedicator shall have the right upon receipt of prior written approval from Association to assign to Association the right to grant such exceptions. For the purpose of this restriction, eaves, steps and open porches shall be considered as part of a building. Lots shall "front" on the private way; corner lots shall be deemed to "front" on the private way adjoining the shortest lot line. No part of any structure shall be erected or maintained closer than 25 feet to any side lot line, nor closer than 50 feet from any rear lot line or 70 feet from front lot lines, or 50 feet from a side street lot line.

5. **Garages.** Every garage shall be an enclosed structure attached to the residence or to a breezeway or covered porch attached to the residence. Every garage shall have the capacity to contain at least two automobiles. No garage shall face any street or private way except for lots of 12,000 square feet or less, or upon prior written approval of the Association.

6. **Outbuildings.** Outbuildings shall be of design and construction compatible with that of the residence. No outbuilding shall exceed the residence in height, unless prior approval of the Association is obtained. All outbuildings shall be placed on the lot behind an imaginary straight line that would divide the lot in such a manner that the residence would be in front of that line, and the ends of the line would be equidistant from the front lot corners.

7. **Hangars.** Private hangars for the use by the Owner shall be permitted on lots served by a "private taxiway". Hangars must meet the architectural requirements, and all other restrictions as outlined in this Section B, except that their height may exceed the height of a residence as approved by the architectural committee of the Association. No commercial operations shall be permitted in the hangars, except by approval of the Association.

8. **Structures on and maintenance of easements.** No structure, planting or other material shall be placed or permitted to remain within the easements referred to in Article II A and B which may damage or interfere with the installation and maintenance of utilities, or which may change the direction or flow of drainage channels in the easements. The easement areas of each lot and all improvements in it shall be maintained continuously by the Owner of the lot, except for those improvements for which Dedicator, Association, a public authority or utility company is responsible.

9. **Driveway Entries.** Driveway structures that cross the drainage channels on each side of the street must provide for culverts or drainage structures adequate to allow unrestricted passage of water flows down the channel during extreme rainfalls.

10. **Sidewalks.** No sidewalks shall be permitted in the parkway parallel with private ways, but this provision does not exclude sidewalks or driveways from private ways or streets to the buildings.

11. **Mail boxes.** The location, size and design of all mail boxes shall be subject to the prior approval of Association.

12. **Gas.** Propane, LPG or other compressed gases are allowed for household purposes, but all tanks and/or containers must be installed according to

specifications of the appropriate regulatory agencies and must be concealed behind walls or shrubbery as not to be noticeable from any private way.

13. **Time of Construction.** All residential construction shall be completed within nine months from the beginning of construction, unless prevented by war, strikes or act of God. Any outbuilding and exterior improvements may be constructed at the same time as, or subsequent to, the construction of the residence it is intended to serve, but shall be completed within six months from the beginning of construction.

14. **Sewage Facilities.** All lavatories, toilets and bath facilities shall be installed indoors and shall be connected with adequate grease traps to septic tanks and lateral lines constructed to comply with the specifications of any governmental authorities having jurisdiction, and no outside or surface toilets shall be permitted under any circumstances. Owners of lots shall be required to connect to, use, and pay for sewer service if it is available to the lot. All lavatories, toilets and bath facilities shall be completely installed and functioning before the residence is occupied. No septic tank shall be built closer than 25 feet from any lot line.

15. **Irrigation.** An irrigation system for the irrigation of pecan trees has been installed by Dedicator on some lots. Upon purchasing any such lot, Dedicator shall cap off any irrigation water going to owner's lot, but Dedicator shall not be obligated to remove or maintain said irrigation system. Owner shall not have any rights to irrigation water owned by Dedicator, or any other holder of irrigation water rights recognized by the state of Texas and/or the Brazos River Authority and Dedicator has no obligation to furnish irrigation water to Owner. However, Owner may use any remaining disconnected irrigation system on the property, or may install his own irrigation system for the cultivation of plants or crops located on the property.

16. **Pollution.** No lot shall be used for any purpose that would result in pollution by refuse, sewage, or other material that might tend to pollute or otherwise impair the ecological balance of surrounding lands, rivers, lakes, or ponds.

17. **Damage to Roads and Utilities.** Any damage to private roadways or utilities, such as, but not limited to, damage to pipelines, streets, street shoulders and drainage ditches caused by Owner or Owner's agents that occurs from the date of issuance of the building permit until completion of the improvements on the Owner's lot shall be the responsibility of the Owner, and any costs associated with the repairs of such damage shall be paid by the owner.

18. **Stock Tanks.** Owner may construct a water retention pond or stock tank on the property provided that such facility has been properly designed to provide for the protection of the property of surrounding property Owners.

C. GENERAL

1. **Subdivision of lots.** No lot may be subdivided without being approved by Pecan Plantation Owners Association and Dedicator, but in no event shall any lot be subdivided in such a manner that creates more than one additional member into Pecan Plantation Owners Association, and in no event will a subdivided lot be less than 2 acres. Dedicator expressly reserves the right to subdivide any lot to which it shall hold title, except that no lot shall contain less than 2 acres.

2. **Combining of lots.** Dedicator expressly reserves the right to combine any adjacent lots to which it shall hold title into one lot, and that lot shall be considered as one lot for assessment purposes by the Pecan Plantation Owners Association.

3. **Pumping from river.** The pumping of water from the Brazos River is prohibited except by special permit, in writing, granted by the appropriate governmental authority.

4. **Flood easements.** Certain lots may be subject to temporary flooding in the event of a heavy rainfall or unscheduled water releases from Lake Granbury by

the Brazos River Authority. Special investigations have been made to locate the highest water line of record and each lot has been located in a way which will provide a building site on each lot above such high water line.

The Developer does not warrant more than such special investigations, nor can he warrant that unforeseen events or acts of God will not cause the water to rise higher at some future time period.

5. **Disposition of lot.** No sale, transfer, lease or other disposition of any lot shall be consummated unless and until the owner or transferee has applied for and has been accepted as a member of the Association. In the event of a disposition or attempted disposition in violation of the preceding sentence, Association shall have the absolute right and option to acquire said lot (or the interest disposed of or proposed to be disposed of) at the same price and on the same terms as were offered to the Owner or transferee. This restriction shall not apply, however, to lenders who may bid said property in at any foreclosure sale bought by them without regard to such membership restriction, or to a transfer of such property pursuant to a duly probated will or by virtue of intestacy; but as to any such excepted disposition Association shall have an absolute right and option to purchase said lot from any such transferee or transferees in the event they shall decide to sell, transfer, or otherwise dispose of the same, at the same price and on the same terms of any good faith offer to purchase acceptable to such transferee.

6. **Membership in Association.** Upon the approval of a purchaser's application for membership in the Association and the execution of a sales contract or the acceptance of a deed, each purchaser of a lot (whether from Dedicator or subsequent owner) shall become a member of the Association, a non-profit organization organized for the purpose of providing its members with a clubhouse and private recreational facilities and of establishing and maintaining private ways, security protection and other services for the common benefit of all lot Owners. Said membership shall be conditioned upon observance of the rules and regulations established by the Association for the benefit and general welfare of its members and for the official operation thereof. Said membership shall also be conditioned upon payment, when due, of such dues, fees, and charges as the Association shall find necessary for the maintenance of the aforesaid facilities and services and any other services and benefits which the Association may provide for the benefit of the lots, facilities, and members.

7. **Lien for amounts owed to Association.** By the acceptance and retention of title to any lot, each owner, his heirs and assigns, who is or becomes a member of the Association covenants and agrees that the Association shall have a lien upon the subject lot or lots (second only to liens for taxes and duly recorded mortgages) to secure the payment of the aforementioned dues, fees, and charges, including court costs and reasonable attorney's fees incurred in connection with the collection of the same. This covenant and agreement shall be in addition to and shall not be affected by any contract, security agreement, or application which such Owners, their heirs or assigns, may enter into with the Association.

8. **Non-members of Association.** If, notwithstanding the requirement of membership in the Association as a condition to the purchase of a lot, title to any lot shall be acquired by a party who has not been approved for membership in the Association, or if any Owner shall be approved for membership but later ceases to be a member of the Association, then, nevertheless, said owner, by acceptance and retention of title to a lot, covenants and agrees that he will bear and pay such portion of the specific expenses required and expended by the Association, its successors and assigns, solely for the maintenance of the facilities and services for which he would be required to pay if he were then in fact a member of such Association and as determined by the accountant for such Association. Further, each owner, on behalf of himself, his heirs and assigns, does hereby covenant and agree that the Association shall have a lien upon the subject lot or lots (second only to liens for taxes and any duly recorded mortgage) to secure the payment of the aforementioned expenses, including court costs and reasonable

attorney's fees incurred in connection with the collection of the same. Unimproved lots owned by the Dedicator, or by a corporation or other entity with substantially the same ownership and control as Dedicator, or the immediate family of James E. Anthony shall not be subject to such assessment.

9. Builders. Notwithstanding anything contained herein to the contrary, Builders who at any one time purchase for resale three (3) but not more than ten (10) unimproved lots from the Dedicator, whether such lots are all in the same Unit or not, shall be subject to only the assessment for one lot only for a period of two and one-half (2-1/2) years from the date that such lots were acquired. For instance, any lot owned for a period greater than two and one-half (2-1/2) years shall be subject to the assessments. A Builder shall be liable for all assessments on each lot over ten that he owns, unless such assessments are waived by the Association. Such waiver of assessments is not transferred upon the sale or transfer of a lot to another Owner.

10. Assessments. Each Owner of a lot from Dedicator, and the successors and assigns of said owners, shall be assessed monthly the amounts set by the Association for all of its members under the terms of its' By-Laws, except as provided in paragraph 8 (Non-members of association) above.

Neither Dedicator, nor any corporation or other entity with substantially the same ownership and control as Dedicator, as well as any immediate member of the James E. Anthony family, shall ever be assessed by the Association for any lots owned by it, or transferred to a corporation or other entity with substantially the same ownership and control. The owner or owners of such lots as defined in this paragraph shall not be entitled to voting rights after January 1, 2002.

11. Pecan operations. At the time of this dedication an entity related to Dedicator with substantially the same ownership as Dedicator operates property adjoining the subdivision which it intends to use for the continuing purposes of planting, growing, and cultivating pecan trees and gathering pecans therefrom for commercial sale (hereinafter called "pecan operations"). Dedicator reserves to itself, all entities with substantially the same ownership as dedicator, all successors and assigns, and all Owners or lessees or operators of said pecan operations, the right to do any acts and use any machinery and equipment reasonably necessary or desirable in connection with the pecan operations, including but not limited to plowing, planting, aerial and ground spraying of chemicals, irrigation, fertilization, cultivation and gathering. By acceptance and retention of title to a lot in PECAN ESTATES ADDITION NO. 2, each Owner agrees on behalf of himself and his heirs, assigns, guest and invitees that Dedicator, all entities with substantially the same ownership as dedicator, and all Owners or lessees or operators of said pecan operations, shall not be liable for any damage or injury resulting directly or indirectly from such pecan operations unless said damage or injury is caused by the conducting of such operations in a negligent manner. Any pecan operations carried out under approved and accepted pecan horticultural practices for any orchard, regardless of its location, shall be deemed acceptable and reasonable.

Also Dedicator reserves the right to operate unsold lots as part of the pecan orchard with the same rights and privileges outlined in the paragraph 10 above.

Each Owner, by acceptance of title, understands that such pecan operations on occasions, and from time to time, produce noise, odors, dust, spray drift and other temporary inconveniences, and that such are deemed as a part of the ordinary operation of the orchard. Dedicator further intends and reserves to itself, all entities with substantially the same ownership as dedicator; its successors and assigns, and all Owners or lessees or operators of said pecan operations, or any other Owner of said pecan orchard adjoining some of the lots, the right to construct and maintain fences separating the land to be used for pecan operations from the lots, private ways, and recreational facilities. By acceptance and retention of title to a lot in PECAN ESTATES ADDITION NO. 2, each Owner agrees that he, his family and guests, shall observe and respect such fences and refrain from crossing same and shall respect the privacy and ownership of the land and

crops on which pecan operations are conducted.

12. **Unsold lots.** Notwithstanding anything to the contrary herein, Dedicator reserves for itself and its designated agent or agents the right to use any unsold lot or lots for a temporary office location and the right to place a sign or signs on any unsold lot or lots; such signs not to exceed a maximum size of 12" x 18".

13. **Interpretation.** In the event of any dispute over the proper interpretation of any of the provisions of this dedication, the determination of the Dedicator shall be final and binding on all interested persons.

14. **Severability.** All of the restrictions, covenants, and reservations appearing herein shall be construed together, but if any one or more of the same shall be held to be invalid or for any reason are not or cannot be enforced, none of the other restrictions, covenants and reservations shall be affected or impaired thereby but shall remain in full force and effect.

15. **Enforcement.** These restrictions, covenants, and conditions may be enforced by Dedicator herein and/or by the Owner of any lot in PECAN ESTATES ADDITION NO. 2, either by proceedings for injunction or to recover damages for breach thereof, or both. However, only the Association may file suit to collect any of the charges, dues, and expenses mentioned in paragraphs 5,6,7,8 and 9 (Disposition of lot, Membership in Association, Lien for amounts owed to Association, Non-members of Association, and Builders) above, all of which shall be payable to the Association in Hood County, Texas, or to enforce foreclosure of any lien therein granted.

16. **Duration.** All of the restrictions and covenants herein set forth shall continue and be binding upon the Dedicator, its successors and assigns, and all parties claiming by, through or under the Dedicator until January 1, 2002 at which time all restrictions and covenants herein set forth shall be automatically extended from such date for successive periods of ten years each; provided that at any time after January 1, 2002 the Owners of the beneficial title of a majority of the lots herein dedicated (one vote for each lot) may, by written instrument duly executed, acknowledged and recorded in the Deed Records of Hood County, Texas release any lot or lots from any one or more of the restrictions and covenants herein set forth or agree to a change in said restrictions and covenants in whole or in part, except that no such change shall affect or impair the rights and privileges retained by Dedicator with respect to any other land (i.e. land not included in the additions platted as a part of The Pecan Plantation Development) owned by Dedicator its successors and assigns, with specific reference to the pecan orchard operations, future development of the surrounding land, or change or modify any covenant or agreement of any lot Owner with respect to any such land. Selection by Dedicator of January 1, 2002, in this provision is intended only to provide a reasonable period of time for assured continuity and stability for lot owners, and is not intended in any way to affect, or to be in conflict with, or to be construed in connection with the comparable original "duration" date of January 1, 1997 provided for in other Pecan Plantation Subdivision Restrictions, nor is this date intended to affect the ability of the Pecan Plantation Owners Association to amend it's by-laws or rules and regulations at any time it so wishes by the exercise of it's rights under the existing by-laws, or any future modified by-laws.

17. **Additional Subdivision.** As recited in the preamble to this instrument, Dedicator intends to subdivide and plat other land adjoining or near PECAN ESTATES ADDITION NO. 2 from time to time so as to develop same as a part of the subdivision known as The Pecan Estates Addition, as part of the larger Pecan Plantation Development. Developer therefore reserves the right to develop land adjoining or near PECAN ESTATES ADDITION NO. 2 (such other land to be platted into Additions of land developed by Developer from time to time to comprise The Pecan Estates, Orchard Addition, and the Airpark Addition to Pecan Plantation), to place on such additional subdivided land such restrictions and covenants as to use, improvements and otherwise as Developer shall deem advisable, whether more or less stringent than those provided herein. However no restrictions on additional

additions to be platted as a continuation of PECAN ESTATES ADDITION shall allow construction other than single family residences (or single family residences with 1-4 units), and the other improvements authorized for Pecan Estates Addition No. 2. Developer further reserves the right to extend the private ways shown on Exhibit B attached hereto so as to serve such additional subdivided land; to use the easements reserved herein to serve such additional subdivided land; and to grant to the Owners of such additional subdivided land the right to become members of the Association and to use the recreational facilities and private ways provided for herein. It is specifically understood that Developer may develop some additional land owned by Developer which will not be a part of the PECAN ESTATES ADDITIONS for single family residences, multi family residences and commercial development and may at its election create and install recreational facilities. Any such commercial development shall be required to be 200 feet or more from the PECAN ESTATES ADDITION. Unless otherwise provided in the instrument creating any such future subdivision of lands owned by the Developer adjoining or near PECAN ESTATES ADDITION NO. 2, all Owners of lots in PECAN ESTATES ADDITION NO. 2, and all owners of lots in additional additions which are platted as a part of Pecan Estates Addition, and all Owners of lots in such other Pecan Plantation subdivisions outside PECAN ESTATES ADDITION NO. 2 whether they are present or future subdivisions, shall be entitled equally to the use of all private ways and recreational facilities provided for in such subdivisions, to enforce any restriction, covenant or condition provided for therein, to participate in any modification or change in said restrictions, covenants, and conditions under paragraph 15 above, and to become members of the Association, just as though all of said subdivisions had been created at one time and by one instrument.

18. Dedicator shall have the right to grant to one or more corporations, partnerships or other entities the right to use the easements herein reserved for any of the purposes or uses for which such easements are designated; to grant and convey to its successors or assigns (or, at its election, to assign to the Association) the discretion, approval rights, and enforcement rights retained by Developer with respect to any of the lots; and to grant to its successors or assigns the benefit of all provisions hereof which relate to any other land now owned by Dedicator.

19. All of the covenants and agreements undertaken or assumed by Owners or Owners of lots hereunder, and all of the restrictions, covenants, liens and reservations imposed upon any of the lots hereunder, shall run with said lots and each of them and shall be binding on each Owner from Dedicator and on such Owner's heirs, administrators, executors and assigns.
